Marketing Mix: Promotion and Place

Promotion

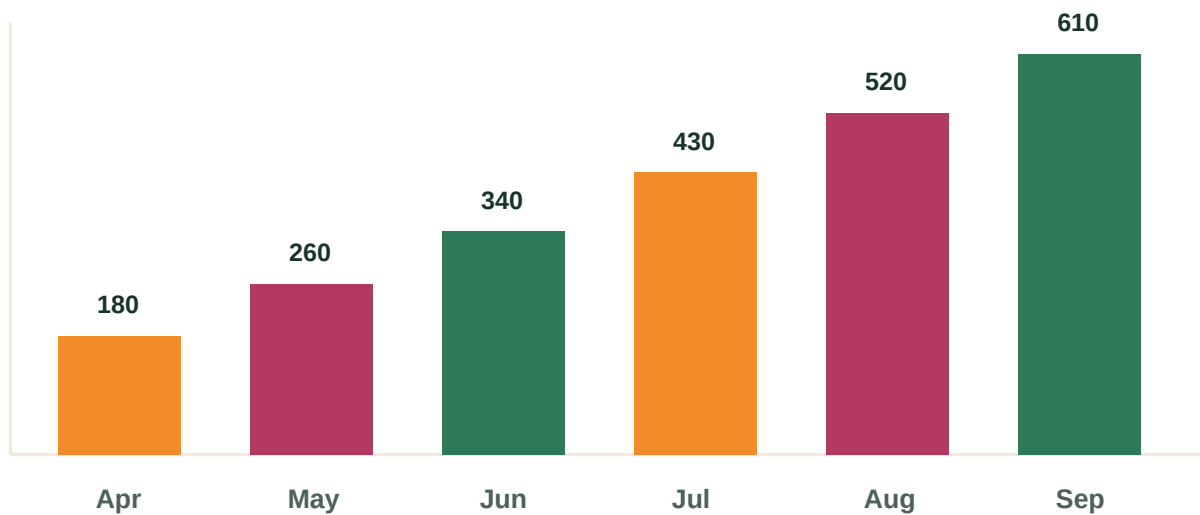

- Weekly TikTok and Instagram Reels showing flavour, lifestyle and post-workout moments.
- Sampling at school events, gyms and weekend markets.
- QR-led launch offers, micro-influencer seeding and a 7-day recovery challenge.

Place

- School or campus pop-up sales during peak breaks.
- Local gym fridges and selected independent cafes.
- Weekend market stalls and pre-orders through the website or Instagram DMs.

Sales Forecast

Forecast rationale: sales ramp up as awareness, stockist coverage and repeat purchase improve. The first six months are forecast to deliver 2340 bottles, with the strongest months expected once gym, cafe and campus channels are all active.
